## POWER 365

### Power 365 Power Center

Full battery replacement warranty (not pro-rated) - Modular, wet-location power-center guarantees speedy, error free installation and maintenance - Unique NiMH battery chemistry offers 10-year+ expected life in all climates.

### High Efficiency Solar Module

Unique black-tie finish looks great in the daytime and disappears at night

### Luminaire Options

Maximize lumens per dollar (up 180/w) with the Fonroche luminaire or opt for a full dark-sky compliance option

## Options

- Smartlight Luminaire - 180 Lumens / W
- RoadFocus Luminaire - Dark-Sky Compliance
- Seaside Treatment Option
- Pole Height Range

*NiMH batteries deliver 10+ years battery life without significant excess capacity. This means a smaller, lighter and more attractive footprint. NiMH goes further by offering this benefit in freezing climates.*

### SAVE MONEY

Eliminate the cost of trenching, wiring, switchgear and soil remediation.

### Say Good-Bye to Emissions

With our solar lighting systems, you can add illumination without adding CO2 emissions.

### Avoid Maintenance

No scheduled maintenance on equipment for 10+ years with NiMH batteries.

### Stop Vandalism

Solar lighting can protect you from wire theft and components are safely out of reach.

### Save Time

Easy, fast installation saves you time. Our lights are up and running the day you install them.

### Prepare for the Future

Flood tolerant solar lighting provides lighting & increases safety during grid-power outages.
